

Dear Visitors,

After reading, viewing and listening to all of the evidence, experiences and references to similar, extraordinary events recorded throughout history, - presented for your “soul” consideration, - please ask yourself this question:

If not for fame, nor fortune, nor glory, nor power, - then why would a human being em-'path'-ically “travail” such an extreme distance, climbing his own mountain of evidence(!), to communicate this, prayerfully, uplifting story of hope, faith and love to you?

Unless it were true.

And, if it is true, - and we accept that God does exist - in Whatever manner or form each of us may personally believe, - then we have all, simultaneously arrived, upon a Holy Mountaintop:

Where each person is equally free to reflect, with Beatific Vision, upon our Gracious Creator’s “Breath-giving” creation.

May God Bless you now and always.

With Christ's Love,
Jess Fein / D.S. Fine
