Boston, MA (SERAPHIMEDIA) December 25, 2005 -- Three decades in the making, "GODY SSEY" - A YOUNG MAN'S PROOF OF GOD'S EXISTENCE -- by Jess Fein, is now available for the first time via Amazon.com and bookstores worldwide. The author is also offering a free, computer-interactive DVD-Rom for review, via www.Godyssey.com.

THE MOST ELECTRIFYING EVENT IN HUMAN HISTORY.

Unexpected, Dramatic, Inconceivable, Miraculous Proof of God's Existence.

THE 20 BILLION YEAR-OLD SECRET...

Revolutionary in its consequences, the information communicated in "GODY SSEY" could be the spiritual equivalent of television, quantum mechanics or $E=mc^2$.

THE FACE OF GOD REVEALED.

The Ineffable Truth Which Will Leave You Speechless.

If you had a mind-elevating, miraculous proof of God's existence, if your spirit had somehow realized the inconceivable magnitude of His Being, if your heart had been touched by His Mercy, if your soul had been illuminated with His Light, if you had been changed forever - in the twinkling of HIS Eye... how would you go about telling others of this inspirational experience?

On September 16, 1974, after losing an "I-opening" 20 days of sleep, Jess Fein had an ineffably powerful, face-to-Face encounter with God that forever changed his life.

Communicating this overwhelming, revelatory experience, -- and the astonishing events which followed, -- has been Fein's "soul-purpose" for more than 30 years.

A Kaleidoscopic, Gyroscopic, Breathtaking, Breakthrough Book.

Almost in the form of an intricate, illuminated manuscript, "GODY SSEY's" gestalt-provoking pages were designed by graphic artist Lawrence M. Medeiros, Fein's collaborator for more than 25 years.

It contains never-before-revealed, monumentally-stunning and graphic information WHICH WILL FOREVER ALTER AND EXPAND ONE'S CONSCIOUSNESS.

On August 22, 1994, free rights to reprint and broadcast 20% of the content of "GODY SSEY" were offered to every major television network newsgroup in America, along with The New York Times, Time Magazine, "The Oprah Winfrey Show," "Larry King Live," "Nightline," "Eye-to-Eye" and other selected groups and individuals throughout the United States.

The Boston Globe was also offered 100% free rights to reprint the entire color photo edition.

As of December 2005, not one news organization has determined the revelation of the existence of God to be newsworthy.

Although presently unavailable via any media outlet, this remarkably-detailed "work of heart" is being published worldwide by Infinity Publishing.com [and a free DVD-Rom, incorporating the entire e-book, is being offered by the author via www.Godyssey.com].

Written during a six-year period, "GODYSSEY" was originally printed & distributed by Mt. Seraphim Press, featuring over 70 color photographs and more than 100 illustrations.

It describes a Cosmic, "trance-ending" journey to reach the Capstone of a Sacred Pyramid.

The Pyramid of Life.

This Is The ELECTRIFYING True Story Of A 20 Year-Old Man Who Lived Through Death.

Is A Worldwide Shift In Human Consciousness Approaching?

Until recently, the significance of a recurrent religious symbol was virtually lost to human consciousness.

It is painted on cave walls, carved in wood, appearing in religious texts and incorporated in art.

History records the symbol of the Creator across the centuries.

In the cultures of the Maoris, the Polynesians, the Africans, the Aztecs, the Hebrews, and the Celts, among many other peoples.

The meaning of this Symbol has remained hidden to you until Today.

THIS is your Spiritual birthday.
