Ms. Thalia Assuras
CBS News National Correspondent /
Anchor, The CBS Evening News
Saturday Edition

Dear Ms. Assuras,

After having just viewed today's CBS News "Up To The Minute" rebroadcast of your provocative news story, featuring comedienne / filmmaker Julia Sweeney & her parents; controversial author Christopher Hitchens; and Boston University's Stephen Prothero, -- I am inspired (or perhaps, more accurately, provoked) to respond.

While I have great admiration for you & other journalists of your calibre, I wish to, respectfully express concern regarding the inadequacy of reporting by the national media, regarding contemporary & historical evidence for the existence of God.

Astounding proof exists in the form of extraordinarily-detailed eyewitness reports, admittedly rare in modern times, though remarkably consistent, -- throughout history, -- in terms of their imagery, magnitude & ineffability.

A response is necessary to statements made by various interviewees during your report, and epitomized by those of Stephen Prothero (chair of the religious studies department at BU), who said: "I have trouble saying that...we can't prove the existence of God. I think most Americans feel the same way."

Although not requesting an expression of the following rebuttal on CBS (or any other media outlet), -- I wish to make it known to you personally (and possibly via a posting of this e-mail on the web, along with your response), -- that there is another objectively researched & credible, though never-before-reported, viewpoint.

One which "trance-ends" the current paradigm, and which I have, for over 30 years, striven with all my heart, soul & strength to make known to many diverse people, -- including your fellow reporters at CBS, ABC, NBC, PBS, -- and at virtually every major national media outlet in the United States, initially and auspiciously, 13 years ago today.

**** [Please see this direct web-link:

<http://community-2.webtv.net/Godysey/Godysey1/index.html>] ****

As mentioned in the above link, I wish to remain anonymous, -- however, I wholeheartedly yearn for the empathy of an inter-'media'-ry who might be courageous & insightful enough [to begin to] relate the story of this intensely, immensely overwhelming & humbling, "I-opening," face-to-Face encounter.

So that [as discussed on the first page of my website: <http://www.Returnity.us>] -- given objective, eyewitness testimony as reported throughout history by numerous individuals of wide-ranging cultures, -- genuine freedom of thought & belief may flourish.

Although God does not impose His Will or Being upon anyone, -- it is truly a humbling experience to accept the conclusion, supported by subjective, yet repeated, evidence that we are not our own Creator. -- And to distill this uniquely medicinal knowledge, serving to heal divisions caused by the narrow perspective that: "only our religion is the true religion."

"God forbid" that this knowledge should ever be used to exclude, punish or condemn non-believers or people of other, equally-valid faiths.

The power of its veracity speaks for itself.

With Sincere Prayers for Peace, Love & Understanding,
D.S. Fine

Book Description

THE MOST ELECTRIFYING EVENT IN HUMAN HISTORY...

Unexpected, Dramatic, Inconceivable, Miraculous Proof of God's Existence.

THE 20 BILLION YEAR-OLD SECRET...

Revolutionary in its consequences, the information communicated in Godyssey could be the spiritual equivalent of television, quantum mechanics or $E=mc^2$.

THE FACE OF GOD REVEALED.

The Ineffable Truth Which Will Leave You Speechless.

If you had a mind-elevating, miraculous proof of God's existence, if your spirit had somehow realized the inconceivable magnitude of His Being, if your heart had been touched by His Mercy, if your soul had been illuminated with His Light, if you had been changed forever - in the twinkling of HIS Eye... how would you go about telling others of this inspirational experience?

On September 16, 1974, after losing an "I-opening" 20 days of sleep, Jess Fein had an ineffably powerful, face-to-Face encounter with God that forever changed his life.

Communicating this overwhelming, revelatory experience, -- and the astonishing events which followed, -- has been Fein's "soul-purpose" for more than 30 years.

A Kaleidoscopic, Gyroscopic, Breathtaking, Breakthrough Book.

Intricately illustrated by Lawrence M. Medeiros with numerous turn-of-the-century etchings, original contemporary artwork & computer graphics, *Godyssey* was written during a six-year period and describes a Cosmic, "trance-ending" journey to reach the Capstone of a Sacred Pyramid.

The Pyramid of Life.

This Is The ELECTRIFYING True Story Of A 20 Year-Old Man Who Lived Through Death.

Is A Worldwide Shift In Human Consciousness Approaching?

Until recently, the significance of a recurrent religious symbol was virtually lost to human consciousness.

It is painted on cave walls, carved in wood, appearing in religious texts and incorporated in art.

History records the symbol of the Creator across the centuries.

In the cultures of the Maoris, the Polynesians, the Africans, the Aztecs, the Hebrews, and the Celts, among many other peoples.

The meaning of this Symbol has remained hidden to you until Today.

THIS is your Spiritual birthday.

A Book Which Will Spark A Cosmic Revolution In The Heart & Mind Of Every Reader.

"VERY POWERFUL, DIRECT AND HONEST"

- Bruce Donehower

"GODY SSEY OPENED ME UP AND BLEW ME AWAY... A BEAUTIFUL, BEAUTIFUL BOOK"

- Dan Sperling, Television & film producer

"GODY SSEY IS EARTH-SHAKING!"

- Pat Richards

What Has Never Been Reported Is Something You May Never Forget...

...On the morning of September 11, 2001, just one half-hour prior to the World Trade Center Attack (at 8:17 AM EDT), Godysey was first published in excerpted form via the World Wide Web.

From the Inside Cover

Redefining the limits of human experience, Godyssey is an autobiographical book which strives to communicate an individual piece of the Ultimate puzzle. When you read it, you will enter into another dimension and vicariously experience the immanence of Divine Intervention in one young man's life.

At the climax of a profoundly shocking "nervous-breakthrough," Jess Fein encountered what he believes to be the very Spirit of God, which motivates him to this day, in his efforts to transmit a story of hope and faith to others.

In this remarkably-detailed, penetrating & uplifting, metaphysical journey encompassing over 20 years, Fein sets out to translate an overwhelming Cosmic experience into words and pictures.

If you are not afraid to see yourself in a mirror of words, you are ready to read this document -- an extraordinary proof of God's existence.
